1 help this family overcome this
2 disappointment.

3 Others were just we want to have
4 a full conversation and say why we think
5 this family has been great for Notre Dame,
6 and we hope that you'll give them the added
7 consideration.

8 Q Can you estimate for me at the
9 beginning of your tenure how long the list
10 would be as opposed to towards the end of
11 your tenure?

12 A Yeah. I think the list -- I
13 mean, you have access to information on our
14 databases. So I think this is an
15 accurate -- I think around 300.

16 Now, back then, that included a
17 group that truly was just tell us what we
18 need to know to tell them. So not all of
19 them were discussed. Some of them, we just
20 notified them of the decision.

21 So I would say of the 300 and
22 some odd, about 280 were truly discussed,
23 or at least there was something other than
24 just, you know, tell us why.

25 I think at the end of my tenure,

1 it was closer to 180.

2 Q And do you have an opinion as to
3 why that number was falling over the course
4 of your tenure?

5 A Well, I think that -- I think it
6 was probably falling from before, too. I
7 think that was a trend. I don't think I
8 started the trend.

9 Q Oh, okay.

10 A But as you get more selective,
11 there's just fewer people that fit the
12 standards that they know we're going to
13 use.

14 Q Right.

15 A Also, we did improve the
16 communication, in my opinion, that there
17 were a fair number of students that never
18 applied because we would be asked by
19 university relations early enough and we
20 would -- you know, the family would send us
21 this before we even had an application, and
22 I think there was a better job of not
23 having weaker students apply to Notre Dame.

24 I mean, we were able to truncate
25 that whole process for some. Others were
